

Gorilla

(Focus: chromatic scales)

Brad Richter

Exciting New Sound:

To make the percussive sounds in Gorilla, your left hand (L.H.) knuckles tap on the soundboard below the guitar neck and your right hand (R.H.) knuckles tap on the soundboard above the neck. When it's all put together, the movement of your hands will look like a gorilla pounding its chest!

♩ = 84 - 88 L.H. R.H. L.H. *sim.* L.H. L.H.

5 L.H. *Fine*

Amazing Animal Facts:

*Male Gorillas eat nearly 50 pounds of leaves, fruits, bamboo and vegetables every day!

*They do not drink water. They get all their fluids from the foliage they eat.

*Man is gorilla's only enemy. A Gorilla's defense of standing and chest-beating makes them an easy target for hunters and poachers.
